The Guardian Series allows you to custom build your carrier based on the most frequently requested options such as the Pocket Shape, ID Panel, Badge Flap, Load Carriage and Plate Loading preference. These features can be selected to meet your mission specific needs and the result are multiple variations of the Guardian that offer optimal functionality.

FEATURES:

- 500 denier nylon outer shell construction
- Front and back 3D inner spacer mesh for cooling and comfort
- Reinforced tuck-in style shoulder with 3" of adjustment on each side
- Option to add removable adjustable shoulder epaulettes
- Mic tabs on left and right shoulder
- Accommodates badge ID flap on left side
- 1" x 4" Loop to accommodate name ID
- Internal second compartment in chest pockets for larger items
- Front opening zipper for easy donning and doffing
- Dual side straps allow 4" of independent adjustment on each side
- Internal removable adjustable elastic waist band
- Front mag pockets on left and right side
- Hidden back-up weapon pocket on left side
- Cable routing on front left and right side
- Loop on internal left side for attaching back up weapon
- Front side loading plate combination pocket for easy access
- Grommets on inner bottom for drainage
- Inner back webbing drag handle
- Bar-tack reinforcement at critical areas for durability
- COLORS: Navy, Black, OD Green, Ranger Green, Wolf Grey, Coyote, *Midnight Navy, *LAPD Navy, *Silver Tan, and *Red
  *Optional colors available for select carriers.

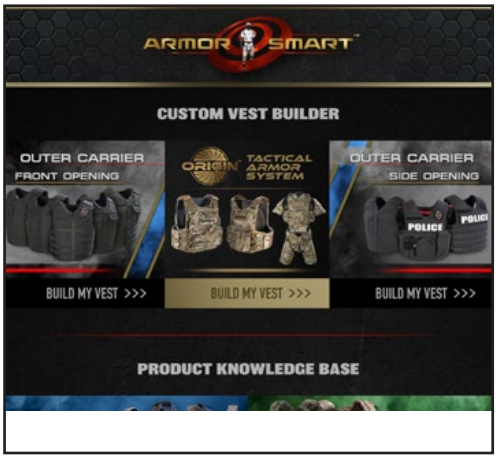
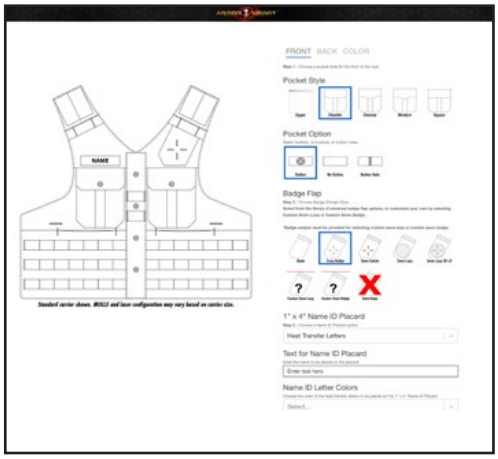
ARMOR SMART™

The ARMOR SMART™ product builder is where you can custom build your carrier and see the result to help determine which options are best for you. The instructions below will help you to get started.



Step 1

Go to ARMORSMART.US
and click FRONT-OPENING build my vest.



Step 2

Build you carrier and click Save my Build when done.
The build results page lets you Save your build as a PDF, and there is a comment form at the bottom for questions and comments.
